- Drag and drop functionality
- Drill-down, drill-anywhere, drill-through
- Create your own reports
- Create your own dashboards
- Export in PDF, Word & Excel
- Branded reporting
- Secure access
- Private and public dashboards

FROM HOURS TO SECONDS

Don't waste your time on building Excel reports, typing data and building tables. INX +BI does it all for you and is even smart enough to determine which chart is most suitable for the data you are dealing with.

A DASHBOARD FOR YOU

No more 'one size fits all'. With INX +BI you can produce the graphs and layouts that you want in as many dashboards as you like.

SHARE AND COLLABORATE

Create your own dashboards and reports and share this with approved colleagues. We go beyond the traditional email and links and provide the tools that allow you to embed your reports into blogs, wikis and portals.

COMMENT AND ACTION

Review and respond to charts and information by adding your own comments and assigning tasks to people based on what you see directly from the dashboard.

PRESENTATION MODE

Use the storyboard tool to add images, videos, graphics and fully interactive reports to present data in a more powerful PowerPoint style to managers and in meetings.

READY TO GO FOR INX

No more setting up charts, graphs and data sources. Data that is managed within INX is automatically filtered and pushed into your dashboards and reports for you to use.

YOUR OUT OF OFFICE ASSISTANT

Out of the office or have a monthly report due? Not to worry. Use the schedule function to create reports and select who should receive it and when.

MINIMAL TRAINING, IF ANY, REQUIRED

Our team will set up your dashboards so they're ready to go. The intuitive design and layout will ensure you will be building your own reports and dashboards in minutes.

IMPROVED DECISION MAKING

Display all the key data from your INX system environment in the one place. The drill-down functionality ensures you can find out exactly what is going on and time-based data to identify trends and action change.

MOBILE FRIENDLY

Not only are the dashboards cleanly displayed on your desktop but they are also mobile and tablet friendly through their responsive design.

SAFE AND SECURE

Fully integrated with INX security, roles can also be set across dashboard consumers, designers and administrators.

FEATURES TO IMPROVE YOUR EXPERIENCE

With private and public dashboards, drill-down, drill anywhere, and drill-through filtering, branded reports, drag-and-drop functionality and over 50 visualisation types, INX +BI is sure to be the most simple to use and effective reporting tool to date.

INX Software is a globally trusted leader of fully-integrated environment, health and safety solutions driving the creation of safer, smarter and sustainable workplaces. Our cloud-based software and mobile-capable solutions are standard across high-risk and complex operations including mining, utilities, oil & gas and government sectors, with over 180 enterprise clients and 700,000 users to date. With a global team of industry experts, we enable health, safety and environmental professionals to manage risk, achieve compliance and enhance operational efficiencies across workforce mobilisation and travel logistics, workplace health and safety, environmental and statutory compliance, training and competency management. © 2020
