

OUR VISION: Creating safer, smarter, sustainable workplaces by providing technology with expertise to help companies achieve compliance, improve operational efficiencies and keep people safe.

ABOUT INX SOFTWARE

INX Software is a globally trusted leader of fully-integrated environment, health and safety solutions driving the creation of safer, smarter and sustainable workplaces. Our cloud-based software and mobile-capable solutions are standard across high-risk and complex operations including mining, utilities, oil & gas and government sectors, with over 180 enterprise clients and

700,000 users to date. With a global team of industry experts, we enable health, safety and environmental professionals to manage risk, achieve compliance and enhance operational efficiencies across workforce mobilisation and travel logistics, workplace health and safety, environmental and statutory compliance, training and competency management.

AN INTEGRATED WORKPLACE HEALTH, SAFETY, ENVIRONMENT & QUALITY MANAGEMENT SOLUTION

WHY INX SOFTWARE

Proven Solution

INX Software is used by hundreds of enterprises from regional operators to Fortune 500 Companies.

Safety-Oriented

Developed around industry-standard safety policies and processes.

Commercial-Off-the-Shelf (COTS)

A commercial-off-the-shelf, yet configurable solution.

Supports Growth

A scalable solution that grows and adapts to your evolving business.

20 Years of R&D

Our solution today is a result of lessons learned and best practices gained from real industry experience.

Source of Truth

INX Software uses a shared database across our product suite to ensure a single source of truth.

Experienced Team

Our team have worked in your industry and roles, and walked in your shoes.

<Two-Year ROI

Our clients realize a return on investment in less than two years on average.

Localized Support

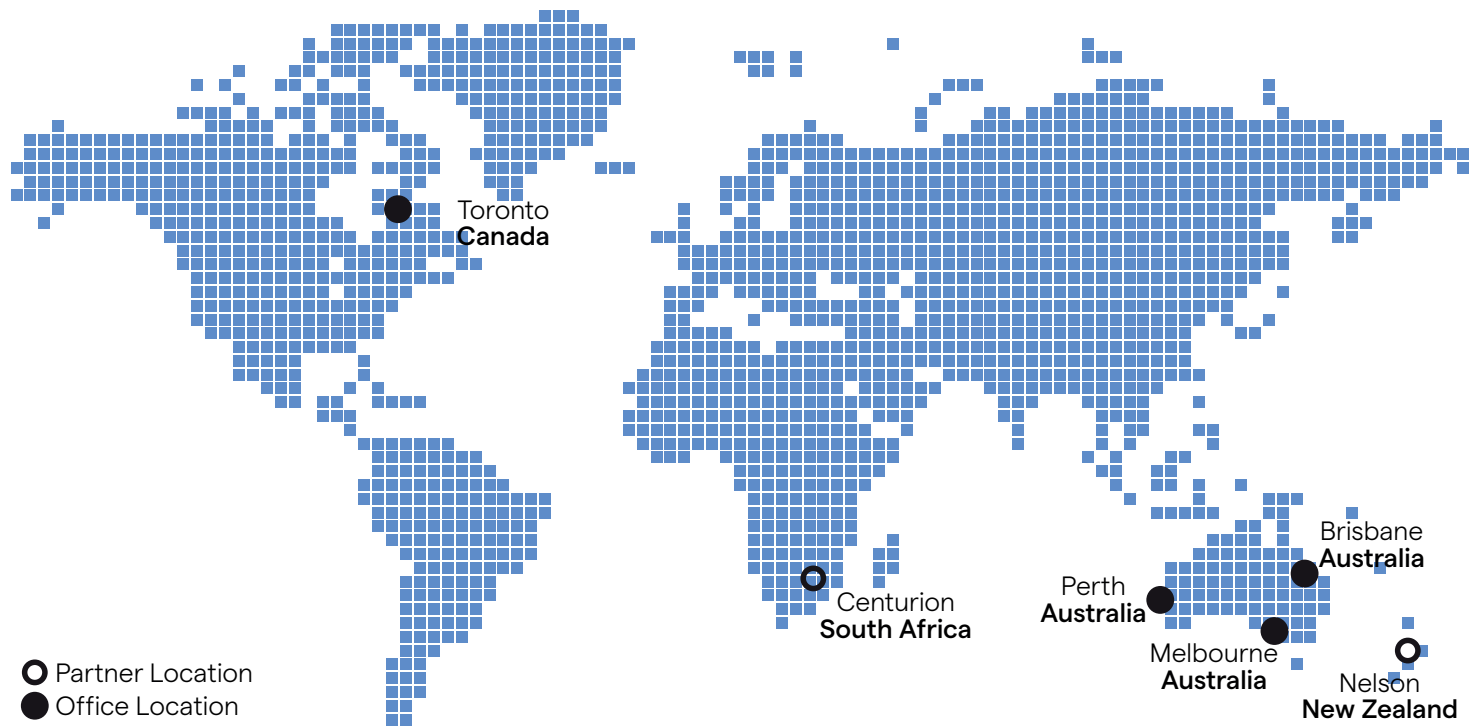

Local support for optimal rapid response rates, backed by global industry expertise.

CLIENT SUCCESSES

INX Software powers teams of all sizes across many high-risk and complex industries.
