TRANSFORM YOUR WORKPLACE COMPLIANCE

Sitepass by INX is a single platform to manage your contractors, employees, volunteers and visitors, with complete transparency over your workplace risk, safety and compliance.

The workforce management solution software provides organisations with complete visibility over their site and workforce.

THE SITEPASS BY INX SOLUTION

Contractor management

Track the compliance of your workforce, ensuring they are insured, qualified and understand the processes, risks and hazards to work at each site or across your entire company.

Visitor Management

Monitor the movements of every visitor, contractor and employee across every site within your organisation, and use the live check in dashboards to track their attendance, security and safety.

Onboarding

Personalise the onboarding experience for your employees, volunteers, visitors and contractors, ensuring they are trained, qualified and ready to work at each location across your entire company.

Deliver training

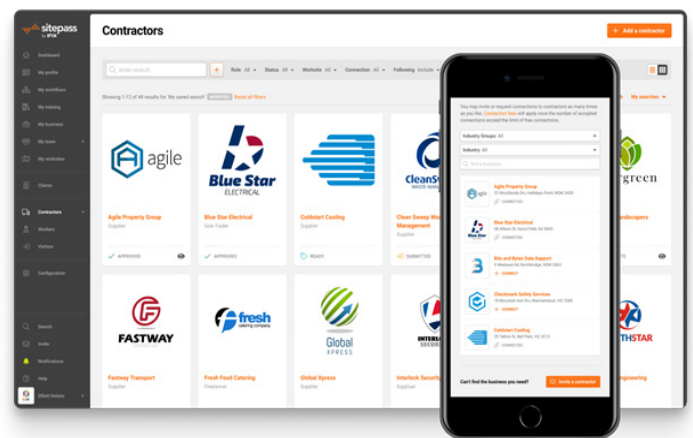

Build and assign online training for completion prior to your workforce commencing work. Deliver interactive content for corporate inductions, site inductions, policies and procedures and assessments.
