1 Improvements

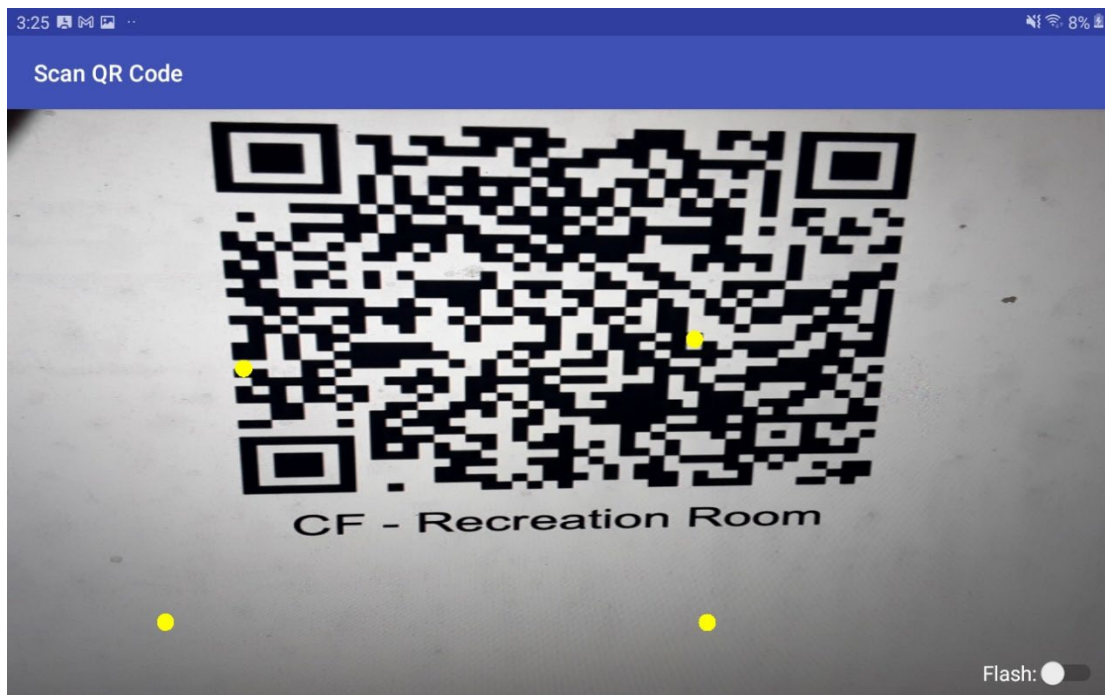

1.1 Flash Settings Update

We have introduced a setting for each site, to control which times the flash is on and off by default:

A) Site Settings Screen

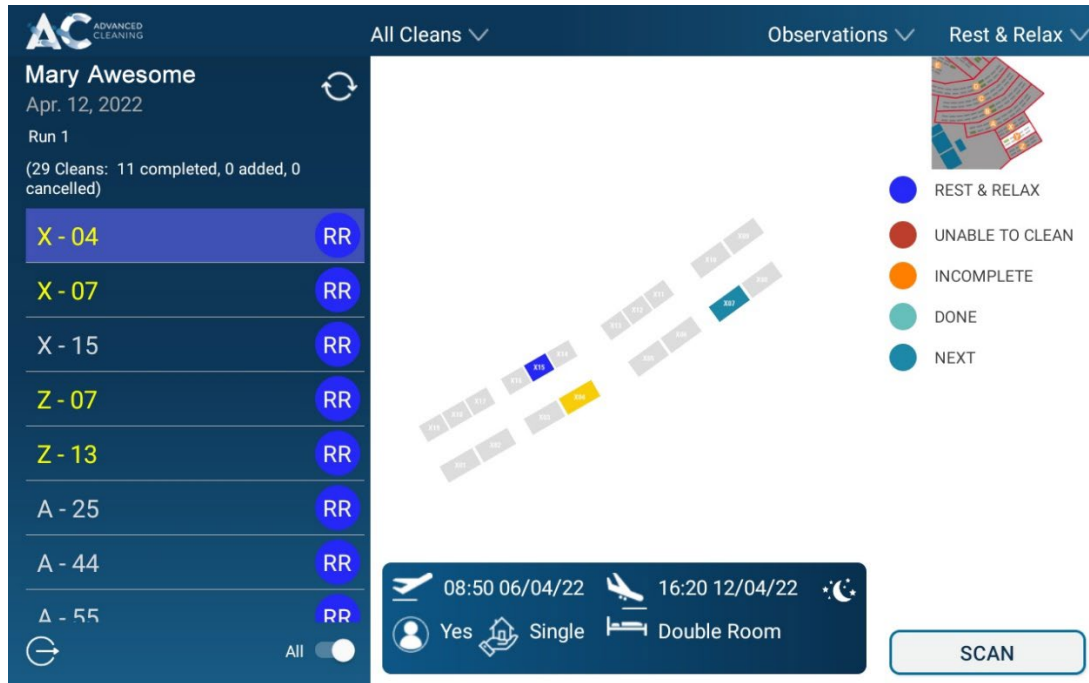

B) Default Flash off (based on site setting)

1.2 Tablet Update: Room Owner icon and description

We have added a room owner icon and SAM descriptions to the App

- A) The room owner status is shown below with an icon and the value 'Single'. For the full SAM description, the user can tap on the info bar.

- B) New field descriptions 'Room Owner Type' and 'Room Type' only appear if the user taps on the info bar:
