

Get the visibility you need across your work sites

Centralise and simplify workforce compliance and safety, for businesses of every size across all sectors.

INX Sitepass by INX provides a comprehensive overview of your full workforce including employees, contractors, and visitors at every stage of their journey – from engagement to onboarding, training to site access.

Through one simple app, you can locate your workforce safely, verify and track important records, deliver training, issue approvals, and broadcast communications across teams and sites.

Get the complete picture of your workforce to boost compliance and improve safety.
