

Connect, communicate and mobilise your workforce

Enable your workforce to view their upcoming roster and manage travel and accommodation details using our new and improved mobile experience.

INX InFlight Mobile 2.0 gives your workforce peace of mind knowing when and where they need to be in near-real time. Our mobile app offers improved security and better functionality to support your remote operations.

Employees and contractors can access their upcoming roster, and manage travel and accommodation bookings to ensure they can plan ahead. Contractors can also see multiple sites and rosters in a single view to avoid double bookings.

Make it easier to mobilise your remote workforce by giving your employees and contractors access to their flight and accommodation itineraries with INX InFlight Mobile 2.0.

Request a demo, or to download the app, visit [Google Play](#) or the [App Store](#).
